Class Supplies List – New York Beauty

CLASS INFORMATION

Class name: New York Beauty

Description:

This is my most popular quilting class – every student leaving satisfied with their results. Learn my unique paper piecing technique to get super sharp points for your block. We will also learn piecing curves to finish the blocks.

During the class you will be able to finish 2-4 blocks.

Time 6-hour class

SUPPLY LIST

The paper piecing templates and freezer paper templates are part of the class and will be brought by the teacher to the class.

FABRICS:

This quilt is a four-block sampler. Each block measures approximately 8-10 inches.

If you choose to make the quilt larger you will need more fabrics but we will concentrate on technique so you will not need to bring tons of fabric to class – try to control yourself so you don't get too distracting playing with fabrics during class.

I don't recommend you purchase or bring any sashing or border fabrics to class unless you are looking for advice – I don't believe those fabrics should not be chosen until all the blocks are complete so that they can help you decide what fabrics to use for the sashings and borders.

8 - Fat Quarters for the backgrounds and centers of the four blocks. Coordinate your fabrics, avoid true solids, include small and medium designs – be creative, don't get to "matchy-matchy".

Coordinating fabrics – a combination of dark, medium and lights so that you can see contrasts.

FQ's or scraps will work – I would recommend no scraps smaller than 5"x18" for the points.

avoid true solids, include small and medium designs – stripes are fun to use for some of your fabrics.

BASIC SUPPLIES:

Rotary cutter, 28mm or 45mm size

Rotary mat: small 9"x12" for use on the table to the left of your sewing machine.

Rulers: 6" or 12" "Add a Quarter" ruler by CM Designs

100% Cotton 50 Weight piecing thread – neutral color that would coordinate with your chosen fabrics.

New Sewing machine needle – Size 70 or 80 Microtex for piecing

Straight pins – I recommend the Clover Silk glass ball head pins.

Spray Sizing – Mary Ellen's Best Press (no spray starch)

Here is a sample of what your blocks may look like:
