

Quilted Mandalas
Hands-on class

Instructor: Dorie Hruska
Forever Quilting

The beauty of a Mandala is magical. It draws us in and captivates us with its repetitive designs and symmetry. By using stencils and rulers we can now create these designs with quilting. In this class we will start out by designing Mandalas on paper, then move to the longarms where you will quilt out your own personal Mandala design. (Recommended for quilters who have previous experience and comfort with free motion quilting and ruler work)

Supply list:

- * Notebook/Sketchbook and pencil/pen
- * Curved rulers (sizes 8"-20" recommended)
- * Straight line rulers
- * Scissors or thread snips
- * Fine tip, Dry erase marker

Any brand of rulers will work. If you need a recommendation, my favorite rulers come from Linda Hrcka of The Quilted Pineapple. I will have some of these available for purchase during the class or you can contact me to preorder.

Class Kit includes:

Handout, top/backing fabric, clear plastic sheet
