

Please bring to class:

- ✱ Small scissors to snip threads
- ✱ A spool of white inexpensive basting thread
- ✱ Note taking materials
- ✱ 14" HEAVY hand quilting hoop. (I recommend the Grace Company)

I will be providing a kit with the very best features specifically for hand work to help you succeed. I will also be fitting students with a Roxanne Thimble and providing them for use in class. If you have one already please bring it to check fitting.

Hand quilting thread spools will be provided as part of your kit and there will be several colors to choose from. First come, First serve. It pays to be early!
