

Love Triangles - Itajime Shibori With Cindy Lohbeck

Student Supply List

Art clothes or apron and comfortable shoes

1 plastic tote bin and lid – Approximately 24” x 18” x 6”

Craft scissors

Permanent marker

1 large plastic bag (lawn & garden size)

Roll of paper towels

10 to 12 - 4” and 4 - 6” spring clamps – plastic works best. (Check the big orange box store, dollar stores, and pjtool.com for best prices)

We will complete 90% of this project in class, but there will be rinsing and washing assigned as “Homework.” We are, after all, holding a dye class in a rather unusual location. Don’t fret - this is actually the fun part where you get to see your results!

Each facility is different, and some are more prepared with water than others. I have learned the quilters who take my classes are adaptable and resourceful and find the experience and resulting stash well worth it!

We will wrap your project up in the bin, placed inside the plastic bag for safe transportation. There will be a few flat bed carts available, but many students choose to bring their own.

This is a fairly easy rinse that can easily be accomplished in half an hour to 45 minutes, however, it is suggested you let this project “batch” for a minimum of 8 hours and up to 24 for the richest colors results.
