Class Supplies List – Design and Create a Quilted Tile

YouTube channel – “OnPoint-TV” - QuiltingWithNancy@gmail.com

Description:	Learn to design your own "Celtic" style quilt block and create bias stems using my unique folding and cutting technique. In this 6-hour class you will have time to design 2 blocks and go home with one or more blocks basted and ready to apply in the method of your choice.
--------------	---

SUPPLY LIST

<input type="checkbox"/>	FABRICS:
	1 yard for the backing for two blocks. You can do one block with just a fat quarter of fabric. For class, please choose a light fabric that you will be able to see a bold drawn line through. I will explain methods for pattern transfer onto dark fabrics for future projects. I recommend that you do not use solid fabrics. For the two blocks we will work on in class, cut two 18-19" squares for the block backing. These two squares need to be pressed with spray sizing before class. I suggest spray sizing twice so the fabric is quite stiff for the machine applique process.
<input type="checkbox"/>	½ yards of 3 to 4 coordinating fabrics for your bias stem elements – I recommend that you do not use solid fabrics – Using a strip for one of your fabrics especially fun for this part of the project.
<input type="checkbox"/>	Fat quarter of 1 to 2 fabrics for the inset piece. These fabrics should be accent colors to coordinate with the fabrics

SUPPLIES:

<input type="checkbox"/>	Rotary cutter, 45mm or 60mm size
<input type="checkbox"/>	Rotary mat: Mat 18" x 24" recommended
<input type="checkbox"/>	Ruler – 6"x24", or 6½" or 8½" wide
<input type="checkbox"/>	Basic construction thread to match the bias stem elements and Invisible thread
<input type="checkbox"/>	Sharpie Marker in 3 or 4 colors – or other bold tip marker in colors that can coordinate as your chosen stem fabrics and color pencils to help with creating your design.
<input type="checkbox"/>	Sharp small scissors that will cut through at least 4 layers of fabric easily.
<input type="checkbox"/>	Water soluble, acid free glue stick – the UHU brand is very nice.
<input type="checkbox"/>	Roxanne Baste-It-Glue
<input type="checkbox"/>	Seam Guilds from Guildlines4Quilters. 
<input type="checkbox"/>	Bias Stem Bars – Collins Bias Pressing Bars (this brand is no longer being made but is my favorite. You can purchase them on the website www.FiresideQuilts.com) or Clover Loop Pressing Bars

This is an example of some I have designed – Students will make their own designs 😊
