

Supplies for Snippet Sensations taught by Cindy Walter

2 yards Steam-a-seam2 (flat packs or by the yard) *

Long bladed scissors such as Fiskar Softouch

Pictures for design ideas: perhaps landscapes, old calendars or pictures you've taken (bring options because your design has to correspond with your fabric scraps)

Fabric:

Fat quarter white or sky blue for the foundation. For picture: fabric scraps (approx. 4" x 6" bigger or smaller okay-don't precut) of a variety of prints and colors to match design photo. Study your photo, find all the colors. Project will take small amounts of many colors. We'll trade back and forth in class for a larger variety. For example, if you are creating a beach scene, you'll probably need a light blue for the sky, several ocean blues, and several sand beiges – and whatever else is in your picture.

*Teacher will Steam-a-seam 2 available for \$5 a yard
