# Art on the iPad Supplies

iPad (preferred) or other smart tablet
Charging cable and plug
App Store password
Stylus or Apple Pencil (optional)

A list of apps to download before the workshop will be provided Oct. 1 to registered participants. Apps change, disappear or become too expensive and I need to update the app list closer to the date of the Quilt Festival. Total apps required will cost no more than $10.
Please email me to get the final list.
