

Supply List for Serge a Stunning Shrug

Katrina Walker

katrina@katrinawalker.com

Please bring the following:

Chalk or erasable fabric marker

Fabric shears or rotary cutter and mat (Mat should be at least 12"x12")

1 yard of soft, drapey 44" wide fabric for shrug – pre-treat by starching the fabric if it is slippery or unstable (washable fabrics)

3 cones of coordinating serger thread

Class Preparation:

Please pre-press the 1 yard piece of fabric in half lengthwise to create a fold 18" from the top and bottom edges. The shrug will be made from rectangles cut on this fold. We will cut the shrug in class.

Note: there may be time to create more than one shrug – feel free to bring more than one piece of prepared fabric just in case.
