Everyone, Design Work, Process Oriented, Advance Preparation Required ,
Computer/iPad-Design Class (Hands-On)

Wednesday MORNING CLASS // 9 AM-NOON

Most quilters have seen the amazing digital stitched reproductions of photos on fabric. With an iPad or other tablet, move beyond photographic reproduction and into art, patterns, and fabric design. This interactive workshop focuses on digital basics, including print on demand to develop mastery skills and intentions.

Make sure to update your IOS software if your tablet allows it. If you are using a tablet other than an iPad, write me to get some Windows and Playstore options -- they won't be the same, but you can still do some great alterations with the apps.

To save time (and get around sketchy wifi), go to Spoonflower and open an account. You won't be ordering but you can learn the basics.

APPS to download (you may already have some from previous courses but a few new ones are here, too). Look for the icons on the next page since some app names are confusing.

Pixlr

This is a very good photo editing, filters and special effects app all in one made by AutoDesk. AutoDesk also has a web based editing site and other products, too. Because it is a well-established company, the apps and web app are updated and kept current with IOS updates. FREE, with ad removal within the app for \$2.99 and premium monthly subscriptions (optional, free version is worth exploring).

Touch/Retouch --OPTIONAL This app helps you make your photos perfect! \$3.99

Magic Eraser-- Takes care of backgrounds, deletes elements from a photo and more

ImaEngine Filters, filters, filters. \$3.99 (you need the paid version to save images)

Insta Toon - cartoon and other similar filters \$4.99 for pro version, free with limited effects
