

MaskTime! Supply List (Houston 2023)

Abstract: Masks have always been a great home decorative item. People love to add them in many different rooms in the homes and often collect them as they travel. Why not decorate with a mask you have made yourself? I supply the line drawing, you supply the colorful fabric, thread, trims and imagination. No sewing machine is required for the class. Use fusible web in class to create your top, then appliqué and quilt it at home.

Duration: Full day (6 hours)

Skill Level: Intermediate - student should be familiar with fusible appliqué techniques

Supplies:

Class kit

- Large (24" x 40") ironing surface
- 3 yards of Wonder Under Fusible Web
- Paper Clips
- Baggy to hold pattern pieces
- Saral Transfer paper

Student must provide (not in class kit)

- Scissors - both paper and fabric
- Straight pins
- Pencil and eraser
- Applique Pressing Sheet: 20" x 36"
- 1 yard of fabric that reads as a solid to build your mask on. This will be referred to as the 'foundation fabric'. I don't recommend prints as we will be adding many different fabrics on top, and you want clear definition of each piece. Very dark or very light fabrics work best.
- 1 1/2 yard of background fabric. Your finished mask will be appliquéd to this fabric, so you want high contrast to both your foundation fabric above and mask fabric below. You might want to bring a couple of different pieces to choose from and we can discuss which might work best.
- 7-10, 1/2 yard pieces. You won't use them all, or the entire half yard, but the more fabrics you have to play with the better. On average, I use about 7 different fabrics, but don't limit your design possibilities. Fabric should coordinate with your foundation and background fabric.
- 2 yards of trim/fringe to attach to the raw edge of your mask. (won't need this in class, as trims added after the piece is quilted)
- Border fabrics of your choice (won't need this in class, as borders are added later)

Notes:

- My drawings, supply lists and handouts are for your personal use. They cannot be shared with others or duplicated/copied.
- Work made from my line drawings are for your personal use. They may not be sold.
- When sharing on social media, please reference my class.
- If you enter your work in shows, contests or exhibits, please provide me (Renée Fleuranges-Valdes) credit as designer.

Majestic Lord of Nature (Mask #5), 2020

Remember to have fun, and color your life, one quilt at a time!
