

# Fabulous Face?

## Materials

Plan on making 2 to 3 portraits in this class.

- Background fabrics to make your Portraits on (fat quarters work well)
- Scraps and fat quarters to use to “paint” your face and features, Plan on using lots of different fabrics.
- Larger scale novelty fabrics (notice the trains used for her hair?)  
Fabrics for fussy cutting: do you have anything that might look like an eye? A round or oval shape? Peacock feathers? Bring all your scraps with you.
- Scissors, Rotary cutter, cutting mat.
- Glue Stick! Very important – you may need several large ones – We prefer **Elmer’s Washable School Glue Sticks**; the glue stick material is a purple color. You can buy these at office supply stores.
- All sewing, quilting, and finishing will be demonstrated by teacher so it will be stress-free and fun and you can complete at home!

BETSY loves whistling while she works and is passionate about sewing. It makes her happy to be cutting up fabrics and sewing them back together again. She is a natural quilter and hopes to get one of her quilts accepted in the Houston quilt show.
