

Pincushion Party with Helen Frost for Quilt Festival 2023

Be a party girl! Learn the right stuff (pun intended) as you stuff and finish these fun pincushions. You'll do some hand sewing, gathering, embellishing, and gluing. The hard part will be deciding on whether to give them away or keep them for yourself!

Supplies

Small scissors for snipping threads

A pair of straight-tipped (not curved) hemostats, 5" - 6" long

Thimble (if you use one)

The kit includes all machine-sewn fabric pieces, threads, needles, buttons, glue, embellishments, and stuffing. Also included is the tiny teacup and saucer.
