GRATITUDE BLOSSOMS

3-Dimensional Art Vessel

In this class you will create a dimensional art vessel out of fabric. I call this vessel Gratitude Blossoms. In class you will focus on three things, people, or experiences you are grateful for as you create the art vessel.

There is no machine sewing. It is hand stitched together with an easy whip stitch. The fabric flowers are strong and permanently set in position, so they won't wilt.

You can finish this art vessel in the three hour class.

You will learn my technique to create dimensional flowers that never wilt. This technique adds interest to any quilt, art quilt or art vessel. You will be inspired to create more dimensional

flowers.

The Kit: Everything is included in the kit to create this beautiful art vessel. The kit contains all the prewashed, fused fabrics for the vessel and flowers. It included the special stabilizer to support the vessel. All the embellishments are also included in the kit.

YOU WILL NEED TO BRING:

Scissors to cut fabric and thread.

Scissors to cut fused fabric if you don't want to use your fabric scissors cutting fused fabric.

A glue stick.

Optional tweezers to move fabric around as you design the art vessel.

Thread Color: Cream or off-white thread.

Needles: Standard needles for hand stitching.

Quilt Festival Education Department provides irons and ironing surfaces in all classrooms.

Feel free to video my demonstrations and take pictures during the class.

I will answer all your questions in class, or you can reach me at Rita@RitaLynneStudio.com.
