# Stitch by Stitch Demo Class Supply List

Create delightful tiny quilts with machine stitching and hand embellishments.

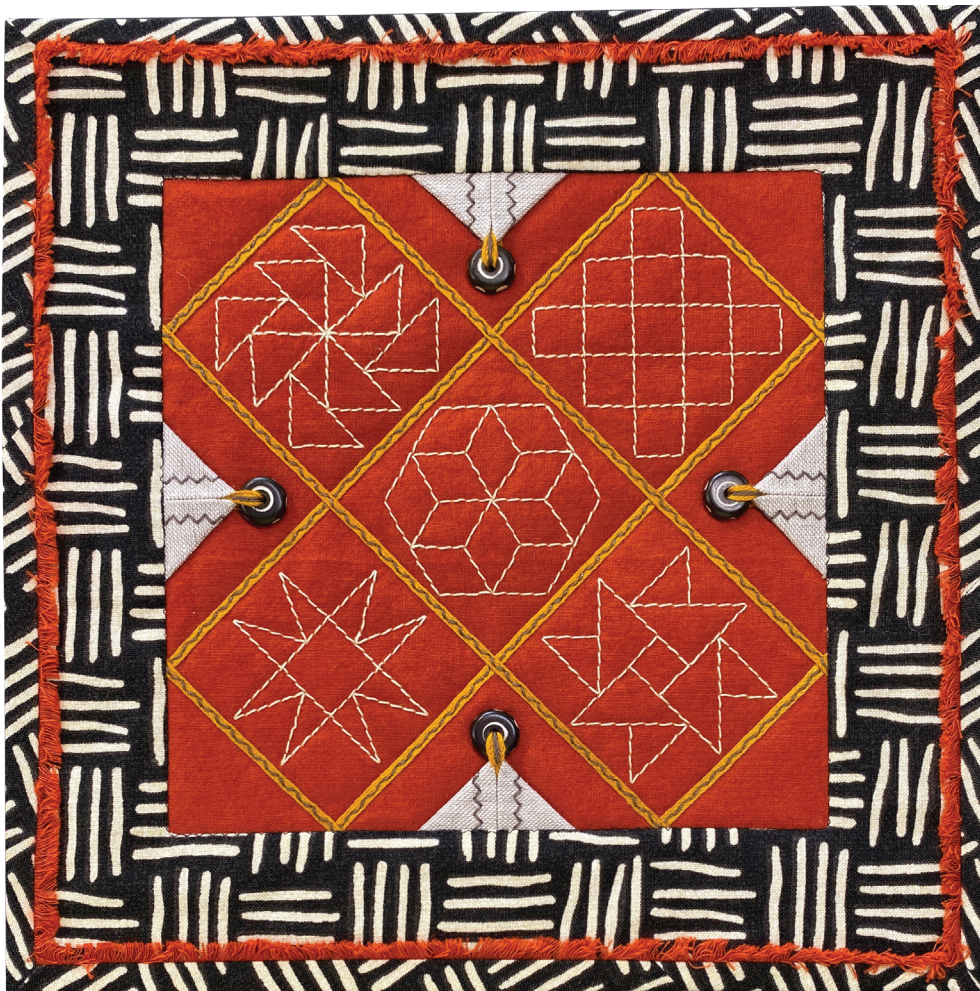

Dear students,

By teaching this as a demo class rather than a hands-on class, I can go into more detail, answer all your questions, and require only 3 hours of your valuable time. You, then, can go home and feel well-prepared to make tiny quilts with alternative threads and delightful embellishments in the comfort of your own sewing room!

*Please bring paper and pen for taking notes. (that's all!)*
