

**GUIDELINES FOR CLASS/LECTURE/FORUM/SAMPLER PROPOSALS—
INTERNATIONAL QUILT FESTIVAL 2024/HOUSTON
PLEASE READ CAREFULLY!**

Please read this sheet **before** beginning the proposal submission process.
Answers for many questions about teaching at International Quilt Festival are included.

2024 DATES TO REMEMBER:

- **International Quilt Festival/Houston classes:** **October 28-November 3, 2024**
- **Proposal Due Date:** **January 12, 2024**
- **Acceptance Notification Date:** **February 26, 2024**

LOCATIONS & TIMES: All classes, lectures, forums, and samplers will be held on the third floor of the George R. Brown Convention Center in Houston, Texas. Open Studios™ will be on the show floor.

- All classes will begin at either 8:00 or 9:00 AM (with three-hour morning sessions 9 AM-Noon), three-hour afternoon sessions 2-5 PM, and
- Depending on level of interest, evening classes will be 6-9 PM.
- Limited four-hour, seven-hour, and two-day classes will be scheduled accordingly.
- Lectures are 50-minutes.
- Forums topics and schedule are TBD.
- Number of Samplers and Sampler schedule is TBD.
- Open Studios runs from Thursday, October 31-Saturday, November 2, 10 AM-6 PM and Sunday, November 3, 10 AM-2 PM in 2-hour increments.

CLASSES AND LECTURES:

- Consider offering classes which present new, innovative techniques and approaches to quilting or those offering basic techniques and methods, especially those which emphasize improving skills or easier ways to work.
- Both *project* and *process* classes are popular at Festival.

- Six-hour classes need to be planned so that the afternoon is not just a "working" lab but features specific instruction. A class which can be taught as effectively in three hours should be offered as a three-hour class, even if the project will not be finished.
- All classes, lectures, and events are presented in English. It is assumed you are fluent in English or you will provide your own translator.
- Due to the inconsistency of internet service inside the convention center, we do not recommend classes which require a strong and consistent online connection. If your proposal does, you will be required to request and pay for the building's paid internet service on your own or provide your own hotspot/link up.

FORUMS AND SAMPLERS:

- Forums are formatted to allow six featured artists to present introductions on a stage in front of the entire audience. Then will follow with breakout sessions as groups rotate to visit each presenter for approximately 20 minutes each. Presenter repeats breakout presentation six times.
- Forum stage setup includes a head table, LCD projector, screen, podium, and podium mic. Forum coordinators will contact those accepted for more details about AV connection needs and presentation types on stage.
- Forum breakout presentations are at individual stations and may include a combination of live and/or pre-recorded videos. Individual stations are provided with two tables, two chairs, and other requested supplies available on proposal form. If you require a projector for this portion of the event, you are required to provide said projector. Quilts, Inc. will *not* provide projectors for this portion of the event.
- Samplers are formatted to allow several teachers at individual stations to present their topics simultaneously as students come and go at their own pace. Presentations should be short and are repeated to fill the two hours. If you require a projector for this event, you are required to provide said projector. Quilts, Inc. will *not* provide projectors for this event.
- Forum and Sampler presenters may sell books or products at their station *only* if they have a helper to handle the transactions. The presenter's job is to teach.
- Due to the inconsistency of internet service inside the convention center, we do not recommend forums or samplers which require a strong and consistent online connection. If your proposal does, you will be required to request and pay for the building's paid internet service on your own, or provide your own hotspot/link up.

FEE STRUCTURE:

- Regular classroom teachers, sewing machine classroom teachers, and stationary longarm teachers will be paid \$20 per student for three-hour classes and \$40 per student for six-hour classes as indicated on the signed class roster (less refunds) and 100% of materials fees (less refunds).

- Longarm classroom teachers will be paid \$10/hr per student (2 students per machine) or \$20/hr per student (1 student per machine).
- Forum presenters are paid 1/7 of \$15 per student. Sampler presenters are paid \$150 per event.
- The materials fee should reflect no more than retail value of items supplied to students.
- Teachers pay their own expenses with the exception of complimentary tickets for selected Festival events.
- Teachers will be paid 100% of their negotiated contracted fee for a lecture.
- Payroll checks are mailed within 45 days of the end of Festival.

LONGARM MACHINES:

- Framed longarm machines will be provided for this show.
- There will also be a stationary sit-down longarm machine classroom.
- You may request the brand of machine you prefer, knowing that some machines are requested more often than others. If your first choice is not available and you do not give us a second choice, it's possible that you will be reassigned or that we cannot accept the class you offer because of unavailable machines.
- **Please keep in mind that all longarm classes are hands-on classes and should be balanced 50/50 between lecture and practice time on the machines.**

SEWING MACHINES:

- Several of the major machine companies graciously provide machines for classroom use. You may request the brand of machine you prefer, knowing that some machines are requested more often than others. If your first choice is not available and you do not give us a second choice, it's possible that you will be reassigned or that we cannot accept the class you offer because of unavailable machines.
- Machines for teacher use for classroom demonstration purposes may be requested by including that information in the "Sewing or Longarm Machine Required for Teacher" blank on the class proposal form. Requests made at a later date cannot be guaranteed.
- **NOTE: You** must arrange for sewing machines for a Sampler or Forum presentation directly with the sewing machine companies. Send email to jillb@quilts.com requesting sewing machine company contact information.

SERGER & EMBROIDERY MACHINES:

- We plan to offer one classroom of serger machines.
- We plan to offer one or more classrooms of embroidery machines.

POLICY FOR SEWING/SERGER/EMBROIDERY MACHINE USAGE:

You may request a classroom equipped with sewing, serger, or embroidery machines **ONLY** if you plan on using them for the majority of class time. A class that features design work in the

morning and hands-on sewing in the afternoon will need to be scheduled in two different rooms to allow other teachers/students to make use of the limited number of machines we are able to provide. It requires a great deal of resources on the part of the machine companies to pack/ship/monitor/service these machines and we must be certain they are used to the **fullest** extent possible. We can schedule the classroom without machines as yours for the day, while you are using the sewing machine classroom.

IRONS:

The facilities will allow **only two regular full-size irons OR one regular full-size iron and five Clover Wedge irons OR ten Clover Wedge irons in a room at the same time** because of the electricity they require. In some cases, additional irons can be set out in the hallway. If we have to bring extra electricity into a room for iron use, we will need to assess a usage fee to the students. **Do not ask or allow students to bring/use personal irons of any kind.** Quilts, Inc. will provide all irons.

AUDIO-VISUAL EQUIPMENT:

Please plan to use a visual presentation for a class or Sampler **ONLY** if you have your own projector and are **TOTALLY** self-sufficient in the setup/operation of **your** laptop/iPad/Smart phone/projector and all communications between the two. If using your projector for a lecture, please indicate the connection needed for communication between devices. Most are HDMI.

CLASSROOM AID:

A student who has paid to be in your class will be serving as classroom helper in return for a Classroom Aid Pin from a previous edition of International Quilt Festival. They will check roll in class, help with set up, pass out handouts, and be available for limited needs during class. They have no further duties or responsibilities (or authority) but can contact Festival Staff in the Education Office for further assistance. Please do not ask any Classroom Aid to handle money or sales for your class.

MATERIALS FEE:

Do not collect money from your students for the materials fee you listed on your proposal. All materials fees are collected at the time of enrollment.

REFUNDS:

International Quilt Festival is very strict about class refunds. We do not grant them without personal investigation, nor without good and just cause. However, refunds **are** granted for emergencies or for serious dissatisfaction with a class that has produced multiple complaints. In such an instance, we reserve the right to delete the person(s) from the class list and from the teacher's payment schedule. If a refund is granted, the teacher will receive information on the reason for the refund.

CANCELLED CLASS POLICY:

We do not cancel classes due to low enrollment. Instead, you will be paid, according to the fee structure above, for a minimum of six (6) students, even if actual enrollment is fewer than that. Should the class grow to six or more students with on-site enrollments, you will then be paid in accordance with our normal procedures based on actual attendance. Either way, you will be paid your materials fee for the actual number of students enrolled.

CLASS SELECTION:

- Each proposal is carefully reviewed, as are the scheduling preferences you specify within the Wantlist form. Limitations of space, time, and sewing machines will prevent us from accepting every submission, but we encourage you to submit a variety of topics. We look forward to showcasing both new and returning talent.
- The International Quilt Festival classes and lectures are selected after the selection committee has reviewed all proposals received. Criteria for selection includes anticipated appeal of classes, recommendations of other teachers, enrollment from previous shows, student evaluations from past years, completeness of proposals, and variety of curriculum.
- If you are not selected for this year's faculty, please keep us posted on your new classes and/or publications for future consideration.

BEFORE YOU PROPOSE:

Each type of event requires a different proposal form. Please gather necessary information before beginning so that you may submit complete proposals. Note that all teachers' headshot photos will be cropped to a square size, 500px X 500px at 72dpi; and all class photos 250px x 250px at 72 dpi in order to fit our online catalog specs. Please keep this in mind when submitting visual images.

- **You will begin with the Wantlist** to capture your contact information, upload a .jpg or .png format headshot, and then allow you to specify scheduling preferences. Please fill out only ONE Wantlist. Once this is complete, you may proceed to the other proposal forms.
- **Class Proposal Form** allows you to describe your proposed class(es), specify teaching supplies needed, classification options, student supplies needed, and to upload one or two class visuals (only one is required).
 - Student Supply Needs will be submitted as either a PDF (including the name of the class and the teacher's name) or as a link to your website. Please have the supply list easy to find on your website and up to date.
 - Class proposals are one class per submission. Submit as many as you like.
 - Classes to be repeated from 2023 will require new submissions.
- **Lecture Proposal Form** allows you to describe your proposed lecture(s) and list your lecture fee for up to eight (8) lecture proposals per submission.

- **Forum Proposal Form** allows you to specify your needs for up to six (6) forum proposals per submission. Be sure to have your REQUIRED black & white, one-page, one-sided handout ready to upload with your proposal. Handouts should contain your name and contact information, SHOULD BE INSTRUCTIVE, and should not be blatant advertisements.
- **Sampler Proposal Form** allows you to specify your needs for up to four (4) sampler proposals per submission. Be sure to have your REQUIRED black & white, one-page, one-sided handout ready to upload with your proposal. Handouts should contain your name and contact information, SHOULD BE INSTRUCTIVE, and should not be blatant advertisements.
- **Open Studios™ Form allows you to offer four session titles. These can be repeated if your schedule allows.** Here, you do not have the option to go from Open Studios™ proposal to other types of proposals due to the later submission deadline of Open Studios™.
- **Review your proposal carefully before you submit!** You cannot access the proposal for changes after it has been submitted. You may use the save and resume button at the bottom of each form at any time if you find that you are not ready to submit. Once you have submitted your proposal, you will receive an immediate confirmation email containing all the information you entered. If you do not receive a confirmation email, your submission was not complete.

If you have any questions, please contact Jill Benge at jillb@quilts.com. If you have technical questions about the on-line system or need to make changes to your proposal after submission, contact Barbara Cline at barbarac@quilts.com.
