

Ink me!

I have an image in my mind, and I really want to turn it into a quilt.

But a quilt free of seams and without glue. I want a quilt like me, free and loose, to color the days... So, this is one of the happiest and lightest methods I could suggest. A class with lots of tips on color theory, material and fabric choices. But more than that, a lesson about freedom, about doing in life what makes us happy. *Artquilt being Artquilt!*

Student supply needs

Inktense derwent	1 box with 12 colors or more
