FLOATING BIRCH TREES ART QUILT

In this class the trees actually float away from the front of the art quilt creating a unique design and impression for dimensional fiber art.

You will create an impressionistic style beach scene with cool blue waters, warm skyline and leaves beginning to change with the seasons.

Everything you need to complete this class in three hours is included in the kit. There is a variety of rich fabrics to design the beach season change scene.

Let your imagination run freely as you create your impression of this season changing art quilt.

The Kit: Everything is included in the kit to create the stunning beach scene. All fabric has been prewashed and fused. The backing and batting have been fused together. The batting is ready for you to start designing your scene by laying down the fabrics step by step.

All the written directions and supportive pictures are included in the kit.

YOU NEED TO BRING

Pen or pencil and notepad for notes. A glue stick in case fabric snippets need a little help sticking to the background.

Scissors: fabric and paper. Optional: tweezers to move fabric snippets around on your background.

Quilt Festival Education Department provides irons and ironing surfaces in all classrooms.

Feel free to video my demonstrations and take pictures during the class. Relax, enjoy the creative processes and meet new friends. If you have questions prior to class you can reach me at Rita@RitaLynneStudio.com
