GARDEN VARIETY

In this class you will create a variety of 3-dimensional fabric flowers. You will learn simple yet clever techniques to create all the flowers shown. Each flower is easy to create.

You will also learn the best design layouts to emphasize each beautiful flower. Learning these techniques will expand your creative ability to add depth and great emotional response to your quilts, purses, pillows, etc.

We will start with the large flowers first and finish with the important small accent flowers that make or break a floral design.

The Kit: Everything is included in the kit to create the flowers and leaves. The background for the floral design is a small quilt consisting of black fabric, batting and backing.

All written directions and supportive pictures are included in the kit. Everyone learns at a different pace meaning some of you may not finish all the flowers in three hours. So, after the class, I will have video shorts on my You Tube channel on making the flowers. You have to be a class member to have access to the videos.

YOU NEED TO BRING

Pen or pencil and notepad for notes.

A glue stick in case fabric petals need a little support as you put them together.

Pins

Fabric and paper scissors

Quilt Festival Education Department provides irons and ironing surfaces in all classrooms.

Feel free to video my demonstrations and take pictures during the class. Relax, enjoy the creative processes and meet new friends. If you have any questions prior to class you can reach me at Rita@RitaLynne/studio.com.
