SUPPLY LIST

<input type="checkbox"/>	FABRICS:	
	<p>This quilt is a four-block sampler. Each block measures approximately 8-10 inches.</p> <p>If you choose to make the quilt larger you will need more fabrics but we will concentrate on technique so you will not need to bring tons of fabric to class – try to control yourself so you don't get too distracting playing with fabrics during class.</p> <p>I don't recommend you purchase or bring any sashing or border fabrics to class unless you are looking for advice – I don't believe those fabrics should not be chosen until all the blocks are complete so that they can help you decide what fabrics to use for the sashings and borders.</p>	
<input type="checkbox"/>	8 - Fat Quarters for the backgrounds and centers of the four blocks. Coordinate your fabrics, avoid true solids, include small and medium designs – be creative, don't get to “matchy-matchy”.	
<input type="checkbox"/>	Coordinating fabrics – a combination of dark, medium and lights so that you can see contrasts. FQ's or scraps will work – I would recommend no scraps smaller than 5"x18" for the points. avoid true solids, include small and medium designs – stripes are fun to use for some of your fabrics.
