

Improv Appliqué

The background is entirely made with curved seams to emphasize the appliqués. Improvising with fabrics shows us how to make the most of our leftovers, and more than that, we'll learn how to do reverse appliqués and discuss fabrics, threads, and how to bring our flowers into this world. Several ideas for borders for panels will be covered, as well as guidance on how to quilt this type of piece and which threads to use. A creative and very enjoyable class!

Students Supply need:

Sewing pin	1 box
Pen Frixion Pilot black	1
Pen Sharpie Permanent marker - fine point - black	1
Seam ripper	1
