

This will be a fun and fluid workshop building quilt blocks following The Scrap Masters Random Scrap Block Generator. Using a Free Pattern, students will be randomly guided on what blocks, colors, and quantities of fabrics shall be used. No two quilts will ever be the same as you burn up your stash.

For more information please check out the YouTube video - Stitchin Heaven Youtube - Master Your Scraps with Rob Appell

SUPPLY LIST

- Regular sewing tools,
- 45mm rotary cutter,
- cutting mat,
- a ruler or two
- * Ruby Beholder or value finder. Optional

FABRICS NEEDED

- This is a scrap buster, pieces should be cut into as many 3"x3", 2.5"x2.5" and stacked in color groups to match the color wheel. You may work from your scraps, but feel free to treat yourself to a few new fabrics to complete your pallets.

Please download the pattern prior to class:
