patchwork, atalhos e retalhos

For dark days, colorful flowers.

May we never lack flowers and colors in this life, with much movement and fullness. Thus, we will create our designs with total freedom of expression, echoing the organic technique of patchwork. A study of flower, petal, leaf, and background designs. Which threads and needles to use on fabrics like silk and satin. A therapeutic class, full of sparkle, content, and a new way to create your own fabric.
